

Orientation Angels

“Our mission is to deliver quality orientation briefings through informative workshops, to successfully prepare the overseas student for their new life in the UK”

Marie Porter – Founder

‘Living as a student in London’

‘Helping you to relocate!’

Orientation Angels is a new company launched in February 2005. Its founder, Marie Porter, takes great pleasure in presenting a series of familiarisation workshops designed to introduce you to ‘living as a student’ in London.

The workshop modules include:

- o An introduction to London;
- o Settling in - The practicalities of living there as a student;
- o British culture/people and how to relieve the symptoms of culture shock;
- o The ‘up’ and ‘downside’ of living in London;
- o Personal Safety;
- o Getting the most out of your period abroad; and
- o Accommodation/health care.

For many overseas students, relocating to the UK might be the first time they have been separated from their family and friends. These workshops are useful as they will brief students on the practicalities of living independently as a student, enabling them to become more settled when they arrive, thus reducing the effects of culture shock.

The aim of this workshop is to ensure that students are orientated on the practicalities of living in a large and diverse city, to enable them to enjoy their stay in the UK.

Benefits to the Student

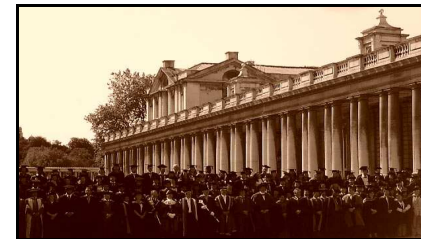

After attending this workshop you will feel relieved that you are familiar with your new environment, and in return ready to start university. You will have the confidence of having had a good grounding on what to expect in your host country. You will also have a chance to ask any questions you may have as Orientation Angels is based in London. You will receive a ‘UK Survival Handbook’ which contains valuable information to help during the important settling-in period.

Who should attend?

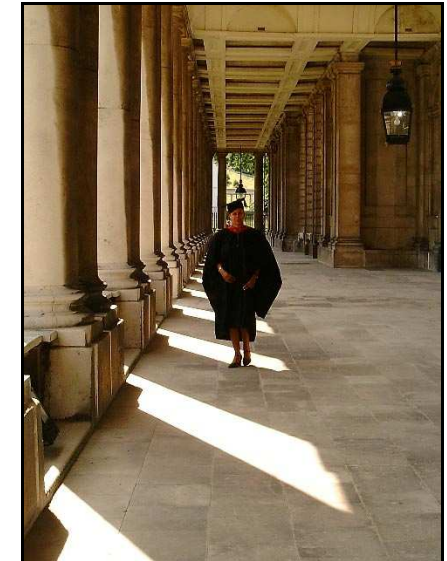

- o Overseas students who are new to London and would like to assimilate themselves with the country and culture quickly
- o Students from other regions of the UK would also find this workshop useful.

Where?

Orientation Angels workshops are held in various training venues in Central London. We are also happy to tailor a workshop to suit your time constraints at the location of your choice.
